

Our mission is to empower youth and community members to achieve their full potential through mentoring, prevention education, and strategic partnership.

We recently expanded our programming to ensure our community benefits from quality leadership in prevention education and community collaboration. With these new services comes a new name, updated mission, and enhanced look. You can trust that our 42 year commitment to providing high-quality services remains unchanged. We will continue growing and expanding to meet the ever-changing needs in Northern Colorado. We are so glad you are a part of Partners! Here's an overview of our services:
