Our Programs

Our kids are ages 7-18, with diverse interests and needs. We focus on providing services to youth who are facing challenges and need extra support.

We match youth with mentors based on shared interests, common values, and logistical preferences. Partners provides volunteers with training and support, to help every mentor succeed.

Our program has impressive results, and the local youth who participate gain social skills, improved confidence, better decision-making abilities, and hope for the future.

Partners currently has mentoring programs and volunteer opportunities in all of Larimer County and northern Weld County.
